

HOW IS IT SPREAD?

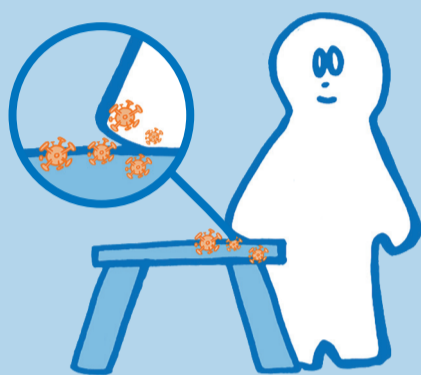

By talking

By sneezing

By coughing

Through contact with objects

then touching the eyes,

the nose,

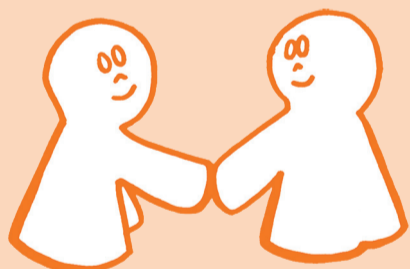

or the mouth.

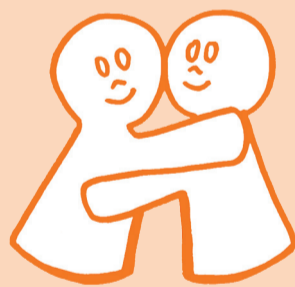

TO AVOID! ☹️

Crowds of People

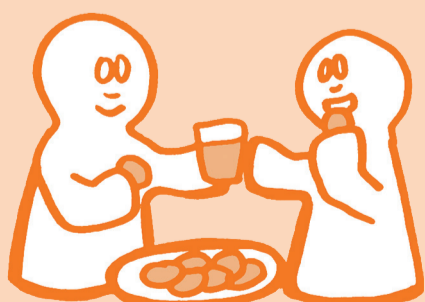

Shaking hands

Kissing

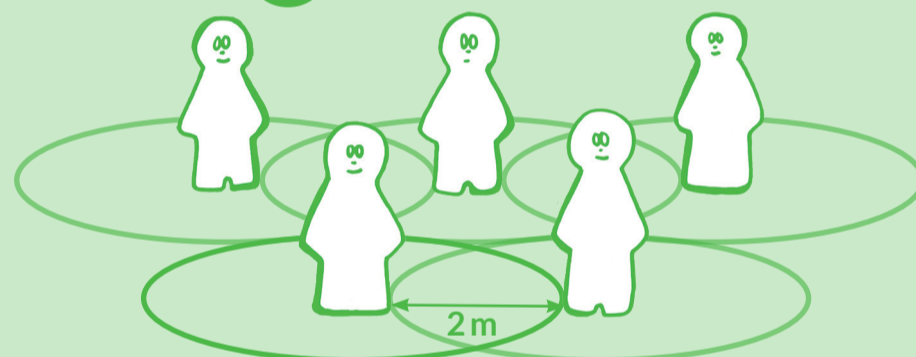

Touching noses, mouths, eyes...

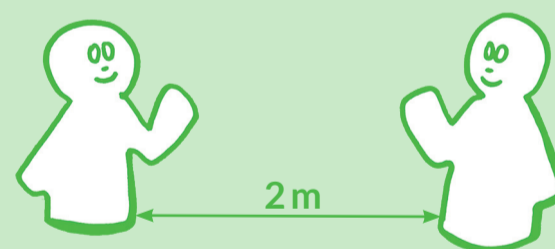

Sharing your plate and glass

TO DO! 😊

Keep a distance of 2 m

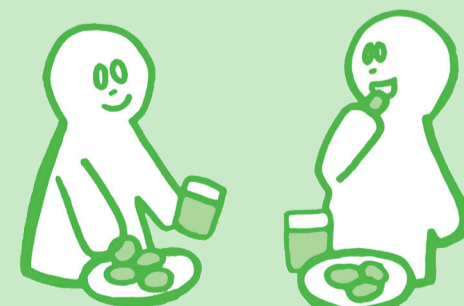

Greet and interact from a distance

Sneeze into your elbow
or use a tissue and throw it away

Wash hands
with soap

Eat at home, each with their own plate
