Card 23: Swimming

QUESTIONS

Q1 : What do you see on these images?

Q2 : What do you think about these images?

KEY MESSAGES TO REMEMBER

- Let's not urinate / swim / wade / bath in open water source
- Let's build and use latrines for our baths

How to use the counseling cards

- 1- Chose a place where all your audience may well see the images
- 2- Greet your audience in their language
- 3- Hold the card so that the audience sees the image and not the text
- 4- Introduce the topic with an open question
- 5- Involve the audience. Ask questions and encourage discussion
- 6- Accept all answers and sort the good ones by emphasizing them positively
- 7- Summarize the good answers
- 8- Develop the topic with additional information
- 9- Do not be too technical, speak the language that your audience can understand
- 10- Ask reminder questions to check what the audience has retained
- 11- Synthesize the essence of what needs to be retained
- 12- Move to the next card
- 13- Thank the audience at the end of the session
- 14- Give a precise date for the next appointment.

INDEX

Thèmes développés	Card Number	Target Neglected Tropical Diseases
Drug taking during mass distribution campaigns	Card 1	Schistosomiasis, Soil Transmitted Helminths, Trachoma
Ensure environmental cleanliness: The gap story	Cards 2-3	
The drawbacks of open air defecation	Card 4	
The benefits of owning latrines	Card 5	
Let's keep our latrines clean	Card 6	
Let's not defecate outside / Let's not urinate outside	Card 7	
Appropriate feces disposal	Card 8-9	
Critical hand washing times	Cards 10-11	
Right way of hand washing	Card 12	Soil Transmitted Helminths
Intestinal worms transmission mode	Card 13	
Water transportation	Card 14	
Drinking water treatment	Card 15	
Drinking water storage	Card 16	
Drinking water use	Card 17	
Food hygiene	Card 18
